

Motivated Software Engineering graduate from Makerere University School of informatics and computing Technology with 1 year experience in software development, seeking to use proven skills in JavaScript, python, Database programming , data structures and algorithms to solve business problems

Education:

2008

ST Henry's Primary School in muyenga

2009-2012

St Peter's S.S Nsambya

2013-2014

Mugwanya Summit College

Combination (physics, mathematics, economics and ICT)

2015-2021

Bachelor's Degree in Software Engineering Makerere University

Purchased my passion for software Structures through Distributed systems, Software Architecture, System Design and Analysis, Data analytics using R programming Language.

Certifications

Logical Reasoning

J.P. Morgan Chase & Co

Experience

2018-2019: Intern at Afro soft IT solutions

Responsibility: web design using content management system's like word press, developing mobile application using React native cross platform, configuration of computer systems, installing operating system and Networking

Perspective package to visualize data

22nd -1st May 2021: JP Morgan Virtual internship

Responsibility: Making adjustments in react typescript code, in the client and server which was data feeder(python server), The purpose of this virtual internship training was to predict stock price data using the forecasts data model which has date and timestamp, predicting the future stock prices using JP Morgan's

Personal information

Phone:

0786883492, 0708855834

Email:

Juukohenry23@gmail.com

Skills:

- Analytical thinking
- Java,Python,javascript(React and React native)
- Web programming
- Operating systems software(Linux and windows)
- Hosting web Application on free site like infinity free,Heroku,Netlify

Software's

- Microsoft Project
- Word, excel
- VScode, R Studio
- MySQL and PostgreSQL

GitHub Profile

<https://github.com/JuukoHenry12>

LinkedIn Profile

<https://www.linkedin.com/in/juuko-henry-13bb70128>

Language:

Fluent in English and Luganda

Interests

1. Playing video games
2. Watching football (Man united fan)
3. Listening to music

9th-16th 2019: Twani's Dental Clinic

Responsibility: looking for debts and sorting medicals files, arranging files

Extra Information:

I have hands work experience in using different technologies liking android studio, Microsoft Visio, documentation, analyzing data using the python package called pandas, visualization of data using the R package and collaborating with teams
